

## **Autism Pensacola**

### **United Way Funded Program:**

Kids for Camp Summer Learning Lab

**Funding Amount:** \$21,780

3-year grant

### **Description of Program Services:**

Kids for Camp is an intensive, best-practice, data-driven summer learning opportunity for individuals with autism, ages 2-25, their friends and teachers.

**Impact Area:** Education

**Significant Statistics:** School officials report a constant need for on-going staff training regarding the most effective teaching methods for the diverse needs of students with autism. Autism Pensacola offers needy children from Escambia County the unique opportunity to have intensive, scientific teaching while simultaneously training area teachers in effective practices for working with children with autism.
