

Children's Home Society of Florida

United Way Funded Program:
Kugelman Counseling

Funding Amount: \$10,000
3-year grant

Description of Program Services: This program provides individual and family counseling services to vulnerable families in Escambia County, specializing in the areas of abuse, neglect, and trauma.

Impact Area: Health

Significant Statistics: According to the Florida Kids Count website, 27.6% of children 18 and under are living in poverty in Escambia County. The goal of the Kugelman Counseling Center is to have happier, healthier children by providing services to children who have experienced abuse and neglect and who may be in foster care or other out-of-home placements. The counselors meet the needs of those clients who lack transportation by meeting them where they are.
