

The Salvation Army

United Way Funded Program:
Social Services/Basic Needs

Funding Amount: \$21,500
1-year grant

Description of Program Services: This program strives to meet the basic needs of individuals and families that are experiencing an unexpected financial hardship through a comprehensive intake screening process.

Impact Area: Financial Stability

Significant Statistics: 15.3% of the Escambia County population lives below the poverty level. The Social Services/Basic Needs Program addresses the area of financial stability by providing short-term emergency assistance. Program participants are given the opportunity to identify skills and resources to increase their knowledge for a better quality of life through a life skills class.
